

Sometimes life gets in a way or unexpected things happen. We hope that you don't have to use this sheet, but you may use it up to **three times** for this semester. This sheet allows to void zero grade for unexpected absence (ex. slept through the alarm, need to rest at home) AND/OR unexpected event (ex. forgot to bring the completed assignment to class, need to take care of your friend or family member). With this sheet:

- (1) You may be able to attend or just sit in another section without affected on your grade because, as you would agree, it is best not to miss in-class discussion or practice. **To note, class will not be recorded.**
- (2) You may also use it to earn a 24-hour extension of the assignment (Assignments which weigh more than 10 points, such as writing practice are all excluded)
- (3) You may retake Quiz.

The form must be submitted to **Canvas Assignment within 24 hours** before or after the class meeting or the deadline of assignment submission. No late or advanced submission will be accepted. We keep the record in the shared google sheet.
